

Keno Replay

Self-Serve Terminal Process

This Information Sheet outlines how a Player will complete a purchase by using the **Keno Replay** function on the Self-Serve Terminal

1. Player inserts Keno Ticket into the Ticket Tray
2. A Pop-Up will give the Player the option to **Replay** the Keno Ticket

Winning Ticket

Non-Winning Ticket

3. The Player confirms they want to Replay the Ticket by selecting **Play Selections**

4. The Ticket prints automatically if the Player's Wallet has sufficient funds; if not, the Player is prompted to pay by cash, debit or credit.

The Replay function **bypasses the Cart** and **does not impact** any other tickets the Player may have added
