## Questions & Answers

### Who can use the Retailer Portal?

The Retailer Portal is designed for **Site Managers** and **Business Owners** as listed in the BCLC Retailer Database. Each manager will need a unique email address and access to an authenticator app to use the Portal.

### How will the Retailer Portal benefit me and my site?

The most notable benefit is online ordering. With the Retailer Portal, you can conveniently place Pull Tab orders, as well as Scratch & Win and supplies, at any time that suits you. View or print your weekly Invoices, or view your Site's lottery sales, plus more.

### If I submit an order online, will my Inside Sales Representative (ISR) still call me?

To ensure awareness and confidence with the new process, your ISR will call you the first time you place an order online. They will verify the items and ask if there are any changes or additions. After that, online orders can be processed and shipped without a follow-up call from your ISR. Orders will still ship on the Wednesday following your placed order, as usual. We want you to feel supported every step of the way, and you are always welcome to call in if you have any inquiries or need assistance.

### I've signed up and it's great. Will it continue to evolve?

Absolutely. The Retailer Portal will continue to evolve based on your feedback. Be sure to use the Feedback form inside the Retailer Portal to let us know what you like and what you think can be done differently. The goal is for it to become an effective and well-loved tool to support all Lottery Retailers.
